

Notes for Letting List Detail Report

The attached list is tentative and subject to change. There are numerous factors that affect the letting dates for projects such as available funding, permits, environmental clearance, right-of-way acquisition, and utility relocation issues.

The development of some projects is the responsibility of various cities and counties. These are denoted by the federal-aid prefix in the project number (such as CMAQ, STPBH, BRZ, HRRR, STPHV, STPLL, STPMB, STPNU, STPPC, and some STPOA). ALDOT has little control over the advancement of those projects. Letting dates for these projects should be viewed with less certainty.
