Special Notice to Contractors

Bidders utilizing the Department's approved Internet Bidding Service Provider must deliver to the Assistant Bureau Chief, Plans & Proposals, Bureau of Office Engineer, the following documents sealed in the provided envelope prior to the time set for opening bids:

- The complete original Proposal Form.
- A fully executed bid bond.
- A copy of their Alabama General Contractors License.
- An HR-DBE Form, accurate at the time of bid package submittal – the apparent low bidder will be contacted to provide an updated HR-DBE prior to award.
- A fully executed Federal-Aid Funded Projects Certificate or 100% State Funded Projects Certificate.
- On 100% State Funded Projects, a Non-resident Contractor must submit a recent letter from an Attorney in his/her home state describing that state's treatment of non-resident contractors.
- It would be helpful, but not mandatory, if the bidder would place "Internet Bid" on the outside of the envelope.

RE: Sublet Approval Requirements for Alabama Department of Transportation
Construction Projects

Dear Mr. Wilkerson:

As you are aware, the Alabama Department of Transportation is in the process of modifying our sublet approval requirements. This change involves sublet approvals relating to material haulers.

The Department's current policy mandates that a prime contractor or a subcontractor who hires another firm to haul materials (i.e. hauling asphalt from a plant to the job site, hauling borrow materials from a pit to the job site, etc.) must have an approved sublet request prior to beginning work. However, if the price of the materials purchased by the contractor includes delivery from a supplier, an approved sublet is not required.

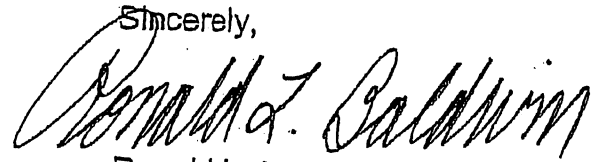

The Department believes that the requirement for an approved sublet for contractor hired material haulers should be removed and delivering the materials treated the same as a materials supplier.

On October 13, 2005, Mr. Terry McDuffie, State Construction Engineer, Mr. Clay McBrien, Assistant State Office Engineer, and Mr. Skip Powe, DBE Contract Administrator, met with Mr. Steve Mills of your office to discuss this issue. Attached is a chart indicating the Department's proposed subcontracting requirements which include this modification.

We request that you review this information and provide us with your concurrence at your earliest convenience.

Sincerely,

A handwritten signature in dark ink, appearing to read "Ronald L. Baldwin". The signature is fluid and cursive, with the first name "Ronald" being more prominent.

The following chart should be used in determining when an approved sublet request and labor payrolls are required:

CONSTRUCTION ACTIVITY	SUBLET APPROVAL REQUIRED	LABOR PAYROLLS REQUIRED
1. Work within project limits (including hauling from one part of the project to another)	YES	YES
2. Material suppliers (dropping off and leaving)	NO	NO
3. Contractor hired truckers hauling to or from a commercial plant, pit, etc.	NO	NO
4. Contractor hired truckers hauling to or from a dedicated and adjacent plant, pit, etc.	YES*	YES*

*The following conditions must all apply in order to require approved sublet requests and labor payrolls for this activity:

- a. Prime contractor or subcontractor hires the trucker.
- b. Trucker is hauling to or from the project site.
- c. The batch plant, borrow pit, waste pit, etc. is dedicated exclusively, or nearly so, to the contract, and
- d. The batch plant, borrow pit, waste pit, etc. is adjacent to the project site.

Construction Information Memorandum No. 1-2007

TO: Division Engineers

ATTN: Division Construction and Division County Transportation Engineers

FROM: Terry McDuffie, P.E.
Construction Engineer

RE: Form DBE-11 *Certification of Actual Payments to DBE Firms*

Attached you will find Form DBE-11 *Certification of Actual Payments to DBE Firms* (i.e. the "CAP" form). This form has been used on federal-aid projects for many years under the requirements outlined in CIM 5-86.

Due to the current oversight of ALDOT's DBE Program and recent changes in the Standard Specifications, it has become necessary to modify the form and its requirements. The modifications include minor changes such as a form number (which is consistent with other ALDOT forms), various wording changes (which are consistent with other ALDOT specifications and policies), and the addition of the non-DBE Subcontractor certification. This certification is similar to that on Form OE-110 Page 2 and is required to be completed when the DBE Subcontractor works for a non-DBE under the Prime Contractor.

The CAP form is still required for each DBE that works on a federal-aid contract regardless of whether the contract contains a specific DBE goal (or not) or the DBE is included on the approved Utilization Plan. The form shall be executed for each DBE subcontractor after concurrence of the final quantities and shall be submitted to the project engineer who will in turn forward to the Division and the Division to this office for review prior to the final estimate. A copy will no longer be submitted to the Equal Opportunity Coordinator (in the Personnel and Compliance Bureau).

This CIM supersedes CIM 5-86. Please remove this superseded CIM from your files.

In addition, you will find revised versions of Form DBE-10, Form OE-110 *DBE Utilization Plan*, and Form OE-110 Page 2 *DBE Certification/Commitment*. The DBE-10 Form has several format modifications and includes new fields for Units and Units Performed to Date. It also includes new instructions on Page 2 that detail the required information and submittal requirements.

These changes for the DBE-10 were prompted because of submittal errors and discrepancies with the amount of work performed to date. The revised version of the form has been created in Excel, and the electronic version of the form includes several features such as drop down fields and formulas in certain cells such as Amount Performed that will calculate the figures based on other data entered. It is anticipated that this new format should minimize future discrepancies.

The OE-110 and OE-110 Page 2 forms have been reformatted and certain unnecessary fields have been deleted. Others have been expanded and revised to clarify the work to be performed by the DBE (i.e. Type of Firm and Description of Work fields). These modifications should provide a consistent format and a better understanding of the DBE's work and their unit prices. Other changes include the addition of instructions at the bottom of Form OE-110 and the relocation of the DBE subcontractor's address to the DBE Subcontractor's Certification section on Form OE-110 Page 2.

These revised forms coincide with the revised DBE specifications (Section 111) that are effective with the February 28, 2007 letting. However, the forms shall be used on all ongoing projects effective March 1, 2007. The new DBE Utilization Plan submittal is not required for ongoing projects unless the participation is being changed, and a revised U-Plan is required.

Electronic versions of all three forms will be made available in the near future and will be emailed to the Construction Engineers, County Transportation Engineers and EEO Coordinators in each Division as well as being posted on ALDOT's *Project Letting* website.

This CIM does not change the basic requirements outlined in CIM 1-2004, but only modifies the forms required by this policy. If the requirements for forms and submittals in this CIM and the DBE specifications conflict with the guidelines outlined in the Construction Manual, this CIM and/or the specifications will govern.

Should you have questions concerning this memorandum, please contact this office.

RE: Certification of Actual Payments to DBE Firms

Attached is a copy of the subject certification form from the Construction Manual. In the past this form has been required on all contracts containing specific DBE percentage goals.

In the future, this form should be executed on all federal-aid projects on which there was DBE participation regardless of whether the contract contained a specific goal or not. This form should be executed prior to submission of the final estimate to Montgomery for payment.

The form will not be a part of the final estimate submittal; however, one (1) copy should be furnished to the Equal Opportunity Coordinator in Montgomery as soon as the form is executed.

Your usual fine cooperation will be appreciated.

ALDOT Form DBE 10 Instructions

Block Number Instructions

- 1 . ALDOT Project Number
- 2 . County
- 3 . Division
- 4 . Prime Contractor for the Project
- 5 . DBE for this Report
- 6 . Date of Report
- 7 . ALDOT Estimate Number
- 8 . Work Period for this Estimate (Beginning Date - Ending Date)
- 9 . Description of Work - Must include Pay Item No. and Description (Also denote if Partial such as Hauling, Stocking, Furnish & Tie, S.I.P. Forms, etc.)
- 10 . Type of DBE, i.e. Contractor (C), Supplier (S), Manufacturer (M), or Brokerage/Fee (BF) work
- 11 . Unit Price of Work
- 12 . Units
- 13 . Units of Work Accomplished this Period
- 14 . Amount Performed for this Period (Block 11 times Block 13)
- 15 . Units Performed to Date
- 16 . Amount Performed to Date (Block 11 times Block 15)
- 17 . Comments Pertinent to this DBE-10
- 18 . Total of Amounts in Block 14

Submittals:

- 1) Invoices are required for all supplier and manufacturer credit.
- 2) Tickets are required for all "Stocking the Plant" hauling.
- 3) In lieu of completing the form, the prime contractor may note "See attached" on the form and attach a similar form (i.e. subcontractor estimate) provided it has the same data. If the contractor chooses to do this, he will have to adjust the credit on the actual DBE-10 if the DBE is a supplier.

Notes:

- 1) If data is entered electronically via Excel file, Blocks 14, 16, 18 and 19 will calculate amounts and totals based on unit entries.
- 2) The form format is for the contractor's convenience. Every effort is made to ensure accuracy, but the prime contractor is responsible for checking all calculations prior to submittal.
- 3) The worksheets in this workbook are protected (but not password protected) to allow you to tab through only the fields that require data entry. If you need to make changes to the worksheet you can unprotect the worksheets by going to the menu (Tools Protection UnProtect Sheet). Just remember if you unprotect a worksheet, you will need to check the accuracy of the calculations to make certain the formulas were not altered or that the formulas work correctly.
