As of: 8/3/2022

Item	Question	Answer
1	Would you please consider increasing the DBE goal on IM-1065(527)? It is currently 4%. It would be great if we could see 10% on a project like this.	The DBE goals are a minimum requirement and in no way limit the use of additional DBE participation. They are based on an analysis of the project work types and the ready, willing, and able firms actively bidding on ALDOT project. Knowingly setting unattainable goals would be irresponsible and outside the regulation guidelines.
