**As of:** 2/20/2024

Item	Question	Answer
1	Line number 0080 Aggregate Surfacing (ALDOT#1), and 0090 High Density Mineral Bond. I was wondering what these items represent. A simply explanation or where to find that information in the spec book would be greatly appreciated.	430B050- Aggregate Surfacing (ALDOT #1)- Section 430 of Spec Book 432A000- High Density Mineral Bond will be removed, see Revision 1 .
